## The fine print

Because there always is, right? Here are a few things to know:

- The Minnesota Future Together Grants are made possible through an investment by Governor Tim Walz with the federal American Recovery Plan funds.
- The grants are available starting spring 2022 through 2024 OR until all funds are dispensed, whichever comes first.
- Eligible programs will vary by campus. Contact your campus to see if your program is eligible.
- Student eligibility for the grant will be determined every semester. You will need to fill out the FAFSA each year. A student who receives a grant one semester is not guaranteed to receive funding for the next semester. Eligibility is subject to the availability of funds and any changes in your enrollment, FAFSA, or other financial aid may change the amount you receive each semester.
